

Opalescence™ Teeth Whitening Spokesperson

Dr. Brigham Stoker

CLINICAL ADVISOR AND PRACTICING DENTIST

As his loyal patients and audience on social media can attest, Dr. Brigham Stoker has a penchant for making everything fun, even the most mundane aspect of dentistry. With his dental expertise and impeccable bedside manner, it's easy to see why he has over 20k followers and 1 million likes on TikTok, as well as nearly 13k followers on Instagram.

Before becoming a dentist, Dr. Stoker used his bachelor's degree in physics and mathematics education and his master's degree in physics instrumentation from the University of Utah to start a thriving tutoring business. He dedicated Think! Tutoring to sharing his passion for all things STEM with secondary students and helping them excel in science, math, and technology. He later graduated from one of the top-rated dental schools in the country at the University of North Carolina, where he met lifelong mentors and solidified his love for working with patients and helping people understand and maintain their oral health through minimally invasive and esthetic solutions.

In addition to his private dental practice, Dr. Stoker is a clinical advisor at Ultradent Products, Inc., and Opalescence™ teeth whitening. Dr. Stoker's guidance, expertise, and research have helped the Opalescence brand assist people from all walks of life to whiten their own smiles in a safe, gentle, and effective way.

Along with his love for science, teeth whitening, and minimally invasive dentistry, Dr. Stoker loves educating the public through his entertaining and quickly growing social media presence. Dr. Stoker resides just outside of Salt Lake City, where he enjoys spending his time with his four wonderful children and beautiful wife.
